

Blueprint

A Publication of the Bricklayers & Trowel Trades International Pension Fund • Special Issue Spring 2013

Notice: This is not a cut in your existing benefits.

Dear Participant:

This special issue of the IPF Retirement Blueprint focuses on the Pension Protection Act of 2006 (PPA) and the annual notice that law requires. The PPA has been discussed in annual mailings from the Fund Office to participants, employers and local unions. This notice is also being sent to employers, pensioners and inactive participants. Please keep in mind that recent changes in the International Pension Fund ("IPF" or "Plan") do not affect monthly benefits already being paid, or benefits already accrued, but not yet paid. Given the continued challenges of the economic environment, we wanted to again take a minute to explain what the Trustees are doing to continue to help protect the pension benefits that you have earned, and that participants continue to earn every day.

The first notice concerns the PPA and can be found on page 2. In the Plan Year effective January 1, 2013, the Plan was once again considered in "endangered" status under the tests set out in the PPA. As noted in the box below, the Plan is certainly solvent, and remains in relatively strong financial position. The investment markets have rebounded from 2008, but the continued slump in the construction industry has continued to lead to fewer work opportunities for IPF participants and therefore fewer contributions to the IPF as a whole, so prudence dictates certain precautions. For that reason, and pursuant to the PPA requirements for endangered plan status, the Trustees instituted a Funding Improvement Plan, which was first provided to Locals and employers in a notice dated December 3, 2010. We have listed the key features of IPF's Funding Improvement Plan (FIP) on page 2. The FIP includes different contribution schedules starting this year with resulting varying accrual rates. Bargaining parties essentially have to choose between two schedules (3% or 4%), with a third that applies automatically as a default if they do not reach agreement. The "default" should be avoided because of its severe impact on participants and employers. The other two schedules are meant to improve Plan funding roughly equally, but the 3% option trades lower contribution increases for a further cut in accruals. Parties will have to consider which of the two is best under their particular circumstances. At the same time, participating Locals should continue their 15% IPF PPA rates until further notice.

The second notice starts on page 2 and relates to the Plan funding in 2012. The second notice also provides information on Plan assets, participants and its investment policy. You will also note sections on the Pension Benefit Guaranty Corporation (PBGC) and additional information available from the Fund office as noted in previous issues of the IPF Summary Plan Description Booklet and Annual Reports. Despite the difficult economic realities that continue to face us, be assured that your Trustees are committed to the sound administration

of your Plan so as to provide you with the pension benefits that you earned. The Plan has always paid its benefit obligations timely and remains committed to doing so in the future.

If you have any questions about this notice, or any other questions regarding your pension benefits under the Plan, please do not hesitate to contact the Fund office at 1-888-880-8222, via email at dstupar@ipfweb.org or write to David F. Stupar, Executive Director, Bricklayers and Trowel Trades International Pension Fund, 620 F Street, N.W., Suite 700, Washington, DC 20004.

International Pension Fund Projected Solvent for 30 Years

Despite flagging construction activity and a resulting drop in contributions, the actuary to the International Pension Fund (IPF) has confirmed that IPF is able to pay expected benefits and meet expected expenditures over a thirty year period commencing January 1, 2012 and running through December 31, 2041. The actuary made the 30-year projections using plan provisions, participant data, IPF financial information and expectations of industry performance to project plan solvency.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'D F Stupar'.

David F. Stupar
Executive Director

BRICKLAYERS & TROWEL TRADES INTERNATIONAL PENSION FUND

EIN: 52-6127746

PN: 001

This notice is provided pursuant to section 432 (b) (3) of the Internal Revenue Code ("Code") and Section 305(b) (3) of the Employee Retirement Income Security Act of 1974 ("ERISA") to inform you of the status of the plan for the plan year beginning on January 1, 2013. The notice is being provided to participants and beneficiaries, the bargaining parties, the Pension Benefit Guaranty Corporation, and the Secretary of Labor.

The plan's actuary certified that the plan was in endangered status in 2013 because its funding percentage on January 1, 2013 was projected to be less than 80%. The funding percentage compares the value of the assets to the value of benefits accrued at that time.

Federal law requires pension plans in endangered status to adopt

a funding improvement plan aimed at restoring the financial health of the plan. The law permits pension plans to reduce, or even eliminate, certain benefits and increase contributions as part of a funding improvement plan. If the Trustees of the Plan determine that benefit reductions or modifications are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reduc-

tions. In addition, any such reductions or modifications would only apply to participants and beneficiaries whose benefit commencement date is on or after April 30, 2013.

If you wish to obtain more information about this notice, you may contact Mr. David F. Stupar, at 1-202-383-3935, or in writing at 620 F Street, NW Suite 700, Washington DC, 20004.

IPF Funding Improvement Plan Highlights

- No changes in Plan benefits paid or already earned
- Accrual rates unchanged through 2013
- Additional 3% or 4% IPF PPA rate increases starting in 2013
- Current accrual rates remain in place for Locals which negotiate initial 4% IPF PPA contribution rates in 2013, and specified increases in later years
- Ten year IPF Funding Improvement Plan will be reviewed annually and improve as conditions warrant
- If neither 3% nor 4% PPA rate increases achieved, all future accruals will cease

For a copy of the current IPF Funding Improvement Plan please contact the Fund office.

ANNUAL FUNDING NOTICE

For Bricklayers and Trowel Trades International Pension Fund

Introduction

This notice includes important funding information about your pension plan ("the Plan"). This notice also provides a summary of federal rules governing multiemployer plans in reorganization and insolvent plans and benefit payments guaranteed by the PBGC, a federal agency. This notice is for the plan year beginning January 1, 2012 and ending December 31, 2012 (referred to hereafter as "Plan Year").

Funded Percentage

The funded percentage of a plan is a measure of how well that plan is funded. This percentage is obtained by dividing the Plan's assets by its liabilities on the valuation date for the plan year. In general, the higher the percentage, the better

funded the plan. The Plan's funded percentage for the Plan Year and 2 preceding plan years is set forth in the chart on page 3, along with a statement of the value of the Plan's assets and liabilities for the same period.

Fair Market Value of Assets

Asset values in the chart are actuarial values, not market values. Market values tend to show a clearer picture of a plan's funded status as of a given point in time. However, because market values can fluctuate daily based on factors in the marketplace, such as changes in the stock market, pension law allows plans to use actuarial values for funding purposes. While actuarial values fluctuate less than market values, they are estimates. As of

December 31, 2012, the fair market value of the Plan's assets was \$1,309,642,876. As of December 31, 2011, the fair market value of the Plan's assets was \$1,227,775,117. As of December 31, 2010, the fair market value of the Plan's assets was \$1,305,356,535. These market values exclude the value of receivable employer withdrawal liability payments.

Participant Information

The total number of participants in the plan as of the Plan's valuation date was 77,448. Of this number, 29,198 were active participants, 24,334 were retired or separated from service and receiving benefits, and 23,916 were retired or separated from service and entitled to future benefits.

	2012	2011	2010
Valuation Date	1/1/2012	1/1/2011	1/1/2010
Funded Percentage	62.7%	68.9%	71.2%
Value of Assets	1,385,382,165	1,470,115,924	1,313,793,801
Value of Liabilities	2,209,075,182	2,133,571,467	2,091,083,412

Funding & Investment Policies

The law requires that every pension plan have a procedure for establishing a funding policy to carry out the plan objectives. A funding policy relates to the level of contributions needed to pay for benefits promised under the plan currently and over the years. The funding policy of the Plan is to comply with the funding requirements of the Internal Revenue Code, as amended from time to time. The Board of Trustees monitors the level of funding with the assistance of the Plan's enrolled actuary and the Plan's independent fiduciary.

Once money is contributed to the Plan, the money is invested by Plan officials called fiduciaries. Specific investments are made in accordance with the Plan's investment policy. Generally speaking, an investment policy is a written statement that provides the fiduciaries, who are responsible for Plan investments, with guidelines or general instructions concerning various types or categories of investment management decisions. The investment policy of the Plan is as follows:

The Board of Trustees has appointed The Marco Consulting Group as independent fiduciaries to be responsible for the investment of the Plan's assets. This means that The Marco Consulting Group is responsible for creating the Statement of Investment Policy and for selecting investment managers, allocating assets among these managers, and monitoring the activity and performance of these managers.

The investment managers are responsible for the management of the assets assigned to them by the Marco Consulting Group that include allocations among allowable asset classes, selection and disposal of individual securities, and diversifying portfolio assets under the managers' control.

Commingled investment vehicles, including mutual funds, may be used. To the extent assets are placed in commingled funds, it is understood that the practices of such commingled funds will be in accordance with the funds' prospectus or investment guidelines.

The Marco Consulting Group Management Committee will be responsible for selecting asset classes that are appropriate for "The Fund" and determining optimal weights. The Committee will utilize information and research provided by the Marco Research Group in order to achieve the most efficient and optimal asset mix for "The Fund" while limiting risk.

Asset classes that may be included are:

- Equities
- Fixed Income
- Real Estate Equity
- Private Equity
- Fund of Hedge Funds including portable alpha strategies
- Other Alternatives including, but not limited to—Diversified Beta, Commodities, Derivatives, Infrastructure

The Marco Consulting Group shall be responsible for voting the proxies of all securities held by the Fund and for providing the Board of Trustees with an annual report of all

such proxy votes cast on behalf of the Fund.

In accordance with the Plan's investment policy, the Plan's assets were allocated among the following categories of investments, (see page 4) as of the end of the Plan Year. These allocations are percentages of total assets.

Critical or Endangered Status

Under federal pension law a plan generally will be considered to be in "endangered" status if, at the beginning of the plan year, the funded percentage of the plan is less than 80 percent or in "critical" status if the percentage is less than 65 percent (other factors may also apply). If a pension plan enters endangered status, the trustees of the plan are required to adopt a funding improvement plan. Similarly, if a pension plan enters critical status, the trustees of the plan are required to adopt a rehabilitation plan. Rehabilitation and funding improvement plans establish steps and benchmarks for pension plans to improve their funding status over a specified period of time. The Plan was certified as in endangered status for 2012.

Right to Request a Copy of the Annual Report

A pension plan is required to file with the US Department of Labor an annual report (i.e., Form 5500) containing financial and other information about the plan. Copies of the

Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator.

Summary of Rules Governing Plans in Reorganization and Insolvent Plans

Federal law has a number of special rules that apply to financially troubled multiemployer plans. Under so-called "plan reorganization rules," a plan with adverse financial experience may need to increase required contributions and may, under certain circumstances, reduce benefits that are not eligible for the PBGC's guarantee (generally, benefits that have been in effect for less than 60 months). If a plan is in reorganization status, it must provide notification that the plan is in reorganization status and that, if contributions are not increased, accrued benefits under the plan may be reduced or an excise tax may be imposed (or both). The law requires the plan to furnish this notification to each contributing employer and the labor organization.

Despite the special plan reorganization rules, a plan in reorganization nevertheless could become insolvent. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for the plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan's available financial resources. If such resources are not enough to pay benefits at a level specified by law (see Benefit Payments Guaranteed by the PBGC, below), the plan must apply to the PBGC for financial assistance. The PBGC, by law, will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan's financial condition improves.

A plan that becomes insolvent must provide prompt notification of the insolvency to participants and beneficiaries, contributing employers, labor unions representing participants, and PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected as a result of the insolvency, including loss of a lump sum option. This information will be provided for each year the plan is insolvent.

Benefit Payments Guaranteed by the PBGC

The maximum benefit that the PBGC guarantees is set by law. Only vested benefits are guaranteed. Specifically, the PBGC guarantees a monthly benefit payment equal to 100 percent of the first \$11 of the Plan's monthly benefit accrual rate, plus 75 percent of the next \$33 of the accrual rate, times each year of credited service. The PBGC's maximum guarantee, therefore, is

\$35.75 per month times a participant's years of credited service.

Example 1: If a participant with 10 years of credited service has an accrued monthly benefit of \$500, the accrual rate for purposes of determining the PBGC guarantee would be determined by dividing the monthly benefit by the participant's years of service ($\$500/10$), which equals \$50. The guaranteed amount for a \$50 monthly accrual rate is equal to the sum of \$11 plus \$24.75 ($.75 \times \$33$), or \$35.75. Thus, the participant's guaranteed monthly benefit is \$357.50 ($\35.75×10).

Example 2: If the participant in Example 1 has an accrued monthly benefit of \$200, the accrual rate for purposes of determining the guarantee would be \$20 (or $\$200/10$). The guaranteed amount for a \$20 monthly accrual rate is equal to the sum of \$11 plus \$6.75 ($.75 \times \$9$), or \$17.75. Thus, the participant's guaranteed monthly benefit would be \$177.50 ($\17.75×10).

Asset Allocations	Percentage
1 Interest Bearing Cash	1.93%
2 US Govt. Securities	0.00%
3 Corporate Debt- All other	0.00%
4a Corp Stocks- Preferred	0.00%
4b Corp Stocks- Common	38.95%
5 Partnership/Joint Venture	3.08%
6 Value of interest in common/collective trusts	18.63%
7 Value of interest in pooled separate accounts	0.00%
8 Value of interest in 103-12 investment entities	25.47%
9 Value of interest in registered investment companies	0.00%
10 Value of funds held in insurance co	0.00%
11 Buildings and other property	0.00%
12 Other Investment	7.75%
13 Mutual Fund	1.59%
14 Real Estate	2.59%

The PBGC guarantees pension benefits payable at normal retirement age and some early retirement benefits. In calculating a person's monthly payment, the PBGC will disregard any benefit increases that were made under the plan within 60 months before the earlier of the plan's termination or insolvency (or benefits that were in effect for less than 60 months at the time of termination or insolvency). Similarly, the PBGC does not guarantee pre-retirement death benefits to a spouse or beneficiary (e.g., a

qualified pre-retirement survivor annuity) if the participant dies after the plan terminates, benefits above the normal retirement benefit, disability benefits not in pay status, or non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

Where to Get More Information

For more information about this notice, you may contact Mr. David F. Stupar at 1-202-383-3935, or in

writing at 620 F Street, NW Suite 700, Washington DC, 20004. For identification purposes, the official plan number is 001 and the plan sponsor's employer identification number or "EIN" is 52-6127746. For more information about the PBGC and benefit guarantees, go to PBGC's website, www.pbgc.gov, or call the PBGC toll-free at 1-800-400-7242 (TTY/TDD users may call the Federal relay service toll free at 1-800-877-8339 and ask to be connected to 1-800-400-7242).

Protect and Help Maximize Your Retirement Income

Recognizing the importance of retirement income planning, the BAC SAVE International Retirement Savings Plan (RSP) is offering you an additional way to guarantee income in retirement for as long as you live.¹ Through this option, by placing a portion of your RSP in a MetLife income annuity at retirement, you have the potential to obtain higher income payments than if you purchased an annuity individually.

An immediate annuity works well as part of an overall retirement strategy, so consider using just a portion of your savings to guarantee income.

Looking to cover immediate expenses?

With a \$25,000 purchase payment...

A 65 year old would receive \$130 per month for life.*

With a \$50,000 purchase payment...

A 65 year old would receive \$270 per month for life.*

With a \$100,000 purchase payment...

A 65 year old would receive \$546 per month for life.*

International Health Fund Continues Efforts in Coordination with NotME Campaign Against Diabetes

Last spring we notified you of a new program being rolled out by the International Health Fund (IHF). The NotME Diabetes program provides support to our diabetic and pre-diabetic members at no additional cost. The Diabetes Prevention Program, which is a 16 session lifestyle coaching program, and the Diabetes Control Program which provides access to community pharmacists who perform medication review, review of biometric screenings and goal setting amongst other services, are now supplemented with additional services. If you are an active participant in the NotME Diabetes Program, please contact the IHF at 1-888-880-8222 and you will now be provided with a program enrollment form to be completed and sent to the IHF. Upon receipt of the completed enrollment form, the IHF will register you with Sav-Rx. Once you are registered, you will receive free diabetic supplies, such as:

- **Diabetic testing meters, strips and lancets**
- **Needles and insulin**
- **Generic diabetes medication**

You will also receive discounts on brand medications. In addition, you will receive access to your local YMCA. For questions about the NotME Diabetes pro-

gram, call 1-888-688-4019.

IHF Nurseline

Members of the IHF have access to the UnitedHealthcare NurseLine at no additional cost. The UnitedHealthcare NurseLine provides our members access to a health care advocate who is an expert and is able to guide callers to the right resources and most effective use of care including:

Right Treatment: The NurseLine will help answer clinical concerns, facilitate referrals to relevant health and wellness programs and provide condition management and treatment decision counseling.

Right Provider: The NurseLine will identify UnitedHealthcare Premium designated providers and even schedule appointments.

Right Medication: Receive coaching on medication adherence and education on drug interactions or medication alternatives.

Right Lifestyle: Receive preventive care information, healthy lifestyle coaching and referrals to wellness coaching and behavioral health.

To obtain access to your own CONFIDENTIAL personal advocate, contact UnitedHealthcare at 1-888-842-4224. You will be asked for your Member ID on your UnitedHealthcare Identification Card, allowing your nurse to address not only

your immediate symptom but your total health status.

Prescription Drug Coalition and Sav-Rx

The Bricklayers and Allied Craftworkers' Prescription Coalition continues to save money with Sav-Rx. The International Bricklayers and Allied Craftworkers recently participated in a nationwide proposal process with other Coalition members through the consulting firm Truveris. After an extensive review of 8 Prescription Benefit Managers, Sav-Rx was retained as the Prescription Benefit Manager. The Coalition considered many areas in their review including competitive pricing, long term cost management, excellent customer service and other important areas of prescription benefit management.

In addition, the Bricklayers and Allied Craftworkers' Prescription Coalition 2011 Annual Review was completed. Each participating Plan received their individual results. The overall result indicated an **over-performance** of \$2,843,069 for the Bricklayers and Allied Craftworkers' Prescription Coalition. That means that Sav-Rx beat our contractual guarantees by more than 2.8 million dollars in 2011 for the Coalition.

The BAC Disaster Relief Fund

Since it was established in 2005 following Hurricane Katrina, the BAC Disaster Relief Fund has been a welcome source of sustenance for members affected by natural or other disasters. The program is funded through the personal contributions of the IU Executive Board, Local Union/ADC officers, members, signatory contractors, and through IU and Local Union grants.

In light of the damage caused by Hurricane/Tropical Cyclone Sandy, IU President James Boland wants to remind members that the Fund exists “to lend a helping hand to our Brothers and Sisters in need, so please be sure to alert your Local or ADC if you have suffered as a result of the recent storm.” At this time, however,

if communications with your BAC Local/ADC in some of the hardest hit areas prove difficult, please feel free to connect with the International Union by phone or email (1.888.880.8222 or askbac@bacweb.org), providing your name, IU member number, a cell phone or email address, and your circumstances, and we’ll do everything possible to relay that information to your Local/ADC officers.

To Request Assistance

To request assistance from the Fund, please contact your Local Union or Administrative District Council, which will work with the International Union to provide assistance checks to members in need as soon as possible.

To Make a Donation

Your willingness to help BAC members in need is deeply appreciated. Please note that the BAC Disaster Relief Fund is a stand alone legal entity and contributions are tax-deductible. Please make checks payable to BAC Disaster Relief Fund and mail to the following address:

BAC Disaster Relief Fund

Behind the Numbers, a look into the Lives of IPF Retirees:

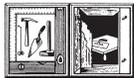

Retiree David Pawloski Deepens Connection to the Trade through Art

Local 1 Michigan retiree David Pawloski continues his connection to his trade of bricklaying by both remaining connected to his Union and by portraying the lives of his fellow craftsmen in highly detailed pencil renderings. Retired since 2008, Pawloski is an avid bike rider, community volunteer, and part-time Florida resident. Using a historical image published in the *BAC Journal*, Pawloski’s rendering shows Local 12 Texas bricklayers working on the Port Arthur courthouse in 1915. “The scale was 62.5 cents per hour with a six-day work week,” noted Pawloski. In the second piece, Pawloski employed color pencils and a keen sense of motion to depict this group of horses on the run.
